## Benefit Performance

Family & Children's Service has been helping families in Minnesota since 1878. More than 27,000 people turn to us each year for mental health counselling and other services that build strong families, vital communities and capable children. We help people solve serious problems like family violence, school failure and depression. We also help prevent problems by teaching life skills in parenting, anger management and conflict resolution. Finally, we change community conditions in distressed neighborhoods by helping families create safer and healthier places to live.

We warmly invite you to join us on  
**Wednesday, July 22, 2009**  
for a memorable night with *Cirque du Soleil*®  
and the many supporters of Family & Children's Service.
