

THE MAIN CHARACTERS

The Tracker

Environmentally conscious, a friend of the animals, he guides and assists the Scientist in his explorations. Angered by the thoughtless, polluting actions of a clown, he transforms before our eyes into a Toreador.

The Scientist

A Darwinesque explorer who visits the different worlds of the show. In his advanced laboratory, aided by his assistants and a monkey, he dazzles us with his amazing physics experiments.

The Amerindian Dancer

The young Amerindian dancer takes us into a magical world, tracing the history of the evolution of species with his rings.

Crystal Man

He comes from space to spark life on Earth. Early in the show, we see him animate the turtle's skeleton and at the end he closes the show by diving into a lagoon.
